## THE BIG ANNUAL INVENTORY SALE!

A WISE LOSS Is often a proof of good business judgment. We consider it wise just at this season to offer you the pick and choice of every dollar's worth of surplus stock in this store without regard to former value and with little regard for cost. Our reason for taking this loss is plain—our inventory is close at hand, the stock is too heavy; it must be reduced. Hundreds of items here that you can use to good advantage, if the price reductions are great enough.

That's the object of this sale. Every stock has been carefully overhauled. Every price reduced on the lots to be disposed of to such a low figure that our buying public will throng the store during the entire week of the sale. Every person in this community and surrounding districts should buy, and buy liberally; such a trading chance will not soon occur again. This great sale will last just one week. That will be long enough to reduce the stock to its proper limit, and quite as long as we care to do business at so great a loss. The history of all sales is, the best things go first.
